WILLIAMSTOWN

The following letter is from First-Class Private Alexander G. Riddell, 90th engineers headquarters, Conant, Brohl, Germany, to his brother, Charles S. Riddell: Dear Charlie: Well I am going to write you a few lines to-night. I received a letter from you to-day and you bet I was awful glad to hear from you, as I am a little lonesome over here on the Rhine, but it could be worse. How is the world using you anyway these days? You said that you were out hunting with Ernest and Bob and then I wished that I was home so that I could go rabbit hunting with you people, but I guess I am out of luck for a while, anyway, Charlie, but I can go here. I shot a deer yesterday at noon. He was a Boche and he had four points, but he was small beside the ones in the state. I made a good shot to get him. I shot from the top of a tree and all I could see of him was his head. I took good aim and fired. He went over a log about 50 feet or so but he didn't run any more. I dressed him and Sunday we are going to have a party of about 10 of us and have a big dinner of deer meat. I wish you were here so you could get some.

There are lots of deer over in the mountains along the Rhine, but the banks are so low that it is hard to see them. The only way you can get them is for one to get up a tree so he can see all around and have some one drive them. That's the way I got that one yesterday. I saw a wild boar but I didn't get a shot at him, but we are going after him some day. There is lots of game over here in the mountains and the people are

not allowed to shoot any game. We Americans don't ask them if we can go or not. Gee, the hares are awful big, they are just about the size of a fox almost, and there are lots of them and lots of rabbits, too, but it is hard to get the hares with the rifle, but I got a few of them. Gee, there can't be much of a winter in the States this year—you say about six inches of snow. That is kind of funny for this time of year. I guess it is the same all over the world—it is just like summer here almost. We haven't had any snow here for over a month and then we only had an inch or so, and it all went away in a day or two. Our regiment had a trip on the Rhine with a ship, so I went the other day. We went away up by Coblenz and Boffard and to Lonely Rock and back—it was a good trip all right. About 300 of us went—we had the ship for three days, a German ship taken over by the Americans and run by the marines, flying the American flag. They have patrol boats with machine guns on them on the Rhine. Well, I am going to bed. Alexander.

News is received here of the marriage of Luther Martin, youngest son of the late L. M. Martin, for several years past a citizen of Yakima, Wash. The lady in the case was Mrs. Anna Laura Bicknell, and the ceremony took place at the home of the officiating clergyman, Rev. Granville Ross Pike, a personal friend of Mr. Martin. The date of the wedding was Feb. 26, 1919. The home of the groom's boyhood is the farm now owned by Herman E. Smith.

Frank Covell has received a letter from Ernest Waldo, saying that he was one of 200 Americans who were detailed as mil-

itary police in Rome, Italy. The letter further states that he liked the city well and found that there were many English-speaking people there. He does not expect to come home for some time.

Miss Julia A. Somers arrived in town yesterday morning from Windsor to visit her sister, Mrs. Fannie M. Dow.

Albert S. Cowles, formerly proprietor of a cigar store and pool room in granite hall, is now in the employ of the Underwood Typewriter Co. in Hartford, Conn.

Resolutions.

Whereas, the Supreme Ruler of the universe in His infinite wisdom has removed from our midst our worthy and esteemed brother, John Dow, and

Whereas, the pleasant relations enjoyed with him as a member of Williamstown lodge, No. 64, T. O. O. F., make it eminently fitting that we record our appreciation of his character and helpfulness, therefore be it

Resolved, that the removal of such a life casts a shadow upon the order and the community and leaves a vacancy that it will be hard to fill, and that with deep sympathy with the bereaved relatives we express the hope that even this great loss may be overruled for good by Him who is able to make all things work together for good.

Resolved, that as a mark of respect, the charter be draped for a period of 30 days, that these resolutions be spread upon the records of the lodge, that a copy be printed in the Barre Daily Times and a copy forwarded to the bereaved family.

BESSARABIA HAS REPUBLIC

And Military Operations
Against Rumanian Army
Are Ordered

MOVE ENGINEERED
BY BOLSHEVIKI

In an Effort to Establish
Contact Between Mos-
cow and Budapest

London, March 27.—A republic has been proclaimed in Bessarabia and its directorate has ordered military operations against the Rumanian army, a part of which has been forced to fall back, according to a Warsaw dispatch to the Telegraph. It is stated that the movement is evidently engineered by bolsheviks, supported by Ukrainians, who seek to break through Rumania to establish contact between Moscow and Budapest.

WELLS RIVER

On Tuesday evening the men of Wells River church gave their annual sugar social in village hall. About 300 sat down to supper and a nice sum was realized for the Congregational church. In the evening Rev. Hyde of Massachusetts gave a talk on camp life of our soldiers. He has only recently returned from France, where he served during the war in the Y. M. C. A. His talk was very interesting and gave us a lot of inside points that we were ignorant of. The supper was excellently served by the men and when one says that men can't cook they are mistaken. Altogether it was one of the most successful ever held.

Archie Dorion left Tuesday morning for Sherbrooke, P. Q., where he will visit relatives for a few weeks.

We are indeed sorry to hear that the Vermont boys won't be home in the first contingent of the 26th division; they were the first to go and the last to return.

Mrs. Maggie Cameron was a visitor in Groton and vicinity on Tuesday.

Another decrease in railroad help is seen at Wells River in the discontinuance of an operator at the freight office. All operating will be done at the passenger station. Mr. Powell, who had the position, left last Friday. It was his intention to bump the operator at Ely, but inasmuch as that trick was discontinued yesterday, we are in doubt as to his present whereabouts.

We understand that work is soon to begin on the Wells River part of the Barre road. A new road is to be cut through at the paper mill, the road straightened and widened and put in good condition for cross-state traffic.

The crossing at the freight yard is to be eliminated this year as per plans drawn before the war. The road is to continue east of the railroad track over the hill, connecting with the main road due west of the station. This will close one of the worst crossings on the division. The station will be reached by the present road.

Mrs. Abbey Hunt is at the home of her niece, Mrs. Charles Cameron, for an indefinite stay. She came on Saturday from Groton.

Mrs. Charles Darling, who has been visiting friends here and at South Newbury, returned to her home in Marshfield the first of the week.

Russell Bailey spent the week end with his parents, Mr. and Mrs. Nelson Bailey. Corp. Harris, who was a member of the high school principal, is visiting friends in town.

Those who have to stay at home these days are not so badly off as they might be, for riding these days hardly could be called joy riding.

Mr. Wright was married in Rutland Sept. 29, 1911, to Miss Grace C. Westcott, and the divorce she obtained in November, 1917, did not free him to marry again until November, 1920.

The Best Cough Syrup Is Home-made

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, breaks the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
